The Boy with Breasts

- Due to a change in hormones, his breasts rapidly grew and now resemble a girl's chest.

- LOVES boobs.

- Always hanging around with his classmates Takabana, Matsuchiyo, and Saiduka.

- (Update - Jul.) Aside from the hormonal imbalance, the breasts themselves took some adjustment. Hormonal imbalances are a regular part of puberty, but this is an especially extreme case.

Tatara Kenshinou

The Multiple-Arm Science Teacher

- Has two pairs (four individual) arms.
- All arms have working joints, and his ability to juggle several different activities at once comes in handy.
- His hands never stay still for long, as he has sticky fingers and a tendency to play with two or more pens at a time. He is also often holding a cigarette or two (not for the nicotine, but to play with).
- A tsundere (acts cool and aloof, but secretly cares). Likes women with small breasts.

Moji Yuki

The Very Hairy P.E. Teacher

- His whole body is covered in long, thick fur.
- The muscles around his hair follicles are so developed that when he gets excited, his hair stands up on end. This increases his insulation and protects him from the elements.
- He appears large due to his hairy figure. He is 190cm with a large build.
- Has a very calm nature, but when pushed his wild side shows itself.

SEEMS OLD AND WISE, BUT IS THE SAME AGE AS TAKARA-SENSEI (THEY WENT TO SCHOOL TOGETHER)

TOOK A BLOW TO THE BACK OF HIS HEAD. HIS HAIR PROTECTED HIM FROM GETTING HURT TOO BADLY.

READING DIRECTIONS

This book reads from *right to left*, Japanese style. If this is your first time reading manga, you start reading from the top right panel on each page and take it from there. If you get lost, just follow the numbered diagram here. It may seem backwards at first, but you'll get the hang of it! Have fun!!

SEE NO EVIL

It's not easy working at a school where the students are literally monsters, but Nurse Hitomi is always there for anyone in need. Whether it's a winged student who just can't keep her feet on the ground, a girl who eats everything she can get her hands on (including fellow students!), or a boy who has grown breasts overnight, Hitomi watches over them all with a caring eye. No matter what the problem, Nurse Hitomi is eager to help!
